

“Too often church leaders are asleep to the needs around them, but this is what I like most about ENLACE...They help wake us up as church leaders to see that we can make a difference.”

-Nelson Paz
Church leader and health committee member in Pajigua, near Los Abelines

LETTER FROM THE DIRECTOR

Dear ENLACE Partner,

God continues to prepare and position ENLACE strategically to resource local churches to transform their communities. In 2009, your generous contributions helped us to continue to equip the churches we are currently committed to and take on a record-breaking number of new local church partners. Our 26 local church partners worked with their communities to implement 33 initiatives which directly impacted more than 20,000 people. Additionally, the number of interested church partners has never been greater. For the first time in our history, we have a waiting list of over 50 churches wanting to partner with us.

We are running into 2010 excited to see what God will do. We have the capacity to partner with 10 additional churches which will take us to a total of 36 local partners. These partners have already identified and/or are working with over 44 projects which will directly impact the lives of over 40,000 people. With these new local church partners and the wonderful addition of new donors in 2009, we have begun the new year strong.

We want to thank you for your incredibly generous support of ENLACE in 2009. We fully realize that this past year was an especially difficult financial year for many of you; Your gifts were a great sacrifice. We truly appreciate and value you and your commitment to ENLACE. Please pray how you can help us continue to resource and support additional local church partners to change their communities in 2010.

Blessings and thank you again,

Ron Bueno, Executive Director

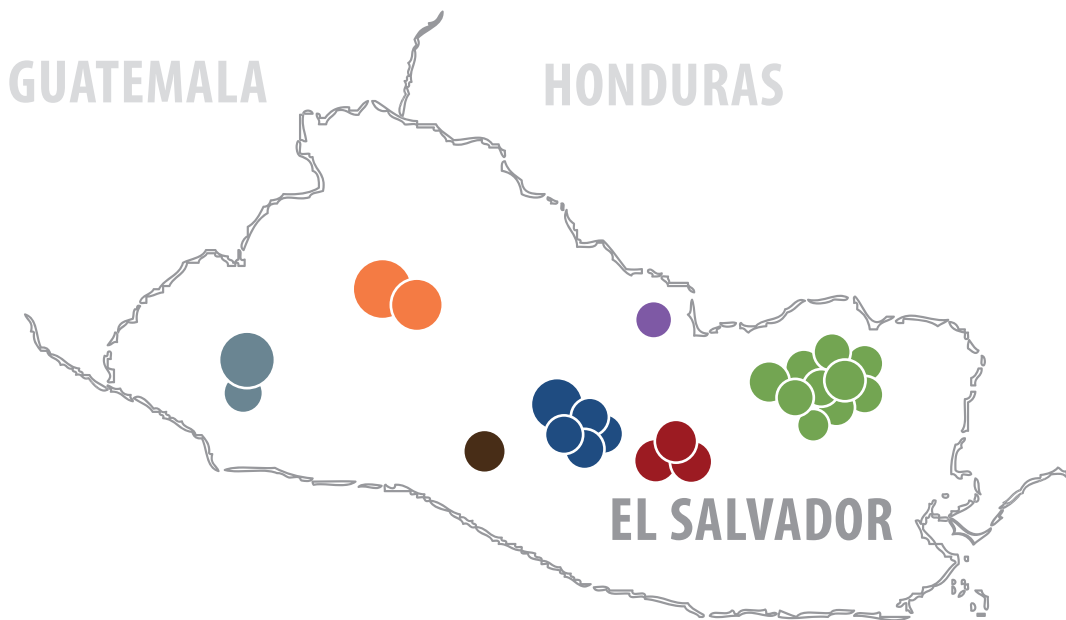

“The church is the key element to the development of our community simply because they have chosen to think of others before themselves.”
